Port of Skamania County
Minutes of the Board of Commissioners
April 18, 2017
Regular Meeting, 6:00pm

Call to Order: Commissioner Collins called the meeting to order at 6:00pm.

Public Comment:

- **Jim Hunt, Stevenson:** As a resident of Stevenson and frequent visitor to East Point, Jim came to express his concern over the parking lot issues outside of LDB. He provided a map that showed 36 parking spaces to be occupied by LDB with garbage and debris. Director Albaugh and the Commission assured Jim that they have addressed LDB regarding the clean-up that is necessary and will continue to work with LDB to ensure the area is cleaner, safer, and more accessible to the community.

- **Norm Ward, Wind River Business Park:** Norm wanted to give the Commission an update on the Wind River Biomass. In process are discussions with the PUD & BPA on future power agreements, BPA & PGE on providing power to Portland, an amendment to the current lease to extend current rent amount, getting county approval for a new building, and amending the lines of the Trout Creek Field. They will soon be hiring 2 employees for help with firewood. In 1.5 years they hope to be up and operating with a new generator and be able to sell kiln-dried firewood and be a source for heat.

Presentation: All Access Recovery: Harry DeVaux and Crystal Scott presented information about their business. They are hoping to rent space in the Tichenor building and will provide anger management classes, domestic violence classes for perpetrators, drug and alcohol assessments, family counseling, and interventions for residents of Skamania County. This county is one of the least served areas in Washington and residents are often required to travel to Vancouver or Goldendale, which impacts the effectiveness of the services. 95% of their monthly income will come from State Agencies. They will operate during normal business hours and also hold group sessions several nights a week. They hope to hire 4 more people by the 6-month mark. They addressed concerns about safety, business longevity, and impact on the community.

Commission Collins closed to public comment at 6:41pm.
